

1st Annual Imperial YouTube Video Contest

The city of Imperial is introducing a contest in order to present life in Imperial to the rest of the world. We're asking people to create a video of things to do in and around Imperial during this summer. We'll create a city account for YouTube and stick all of the videos there. The video that gets the most views will win \$1,000 in chamber bucks. If the winning video goes viral (more than a million views) then we'll double the prize money. Second Place will win \$500 in chamber bucks and third place \$250 in chamber bucks. You may promote your video in any legal way that you choose. Videos and applications are due September 9th at 4pm.

Please read all of the rules below before creating and submitting your video.

Rules – The fun part...

Video must be filmed within 15 miles of Imperial and must contain at least 50% of the footage from inside the city limits.

All videos must be G rated, no curse words, no smoking, no alcohol. If you have to ask if something is appropriate...the answer will probably be, "NO."

All videos must be the original work of the applicant and this includes the music. We do not want to have copyright violations and have videos taken off of YouTube during the contest.

All videos will be prescreened by the city before posting to YouTube, if a video is deemed inappropriate it will not be posted and the city's decision is final.

The viewing contest will be September 16th through October 15th at 4pm.

All videos will be released for use by the City of Imperial.

All videos must be submitted in a form that is directly uploadable to YouTube.

All videos must not exceed 5 minutes in length.

For more information please contact Imperial's Community Development Director, Jason Tuller
